

# Financial Report 2018

**G**reetings to all our faithful donors who give generously and especially to those who do so regularly. In November 2018, we had a deficit of over RM1.2 million and we immediately issued an appeal letter to raise funds to cover the huge deficit this year. As we trusted and thanked the Lord for His provision, we received RM1,000,000 thus leaving us a deficit of nearly RM300,000 (shortfall). Please pray together with us in hope that donors who have yet to respond will do so in the coming.

We want to thank you for your kind generosity towards our financial needs. Your donations help us meet the increasing operational and staff costs as we reach out to the poor and needy communities, both in rural and urban areas.

We have appointed Jack Chan as Donor Relations Leader who will be helping us to provide better services for our donors, namely, individuals, churches and corporations. You can contact him at: [jack.chan@malaysiancare.org](mailto:jack.chan@malaysiancare.org) (ext. 502) for any enquiries and he will be glad to assist you in any way.

All praise and glory belong to God.

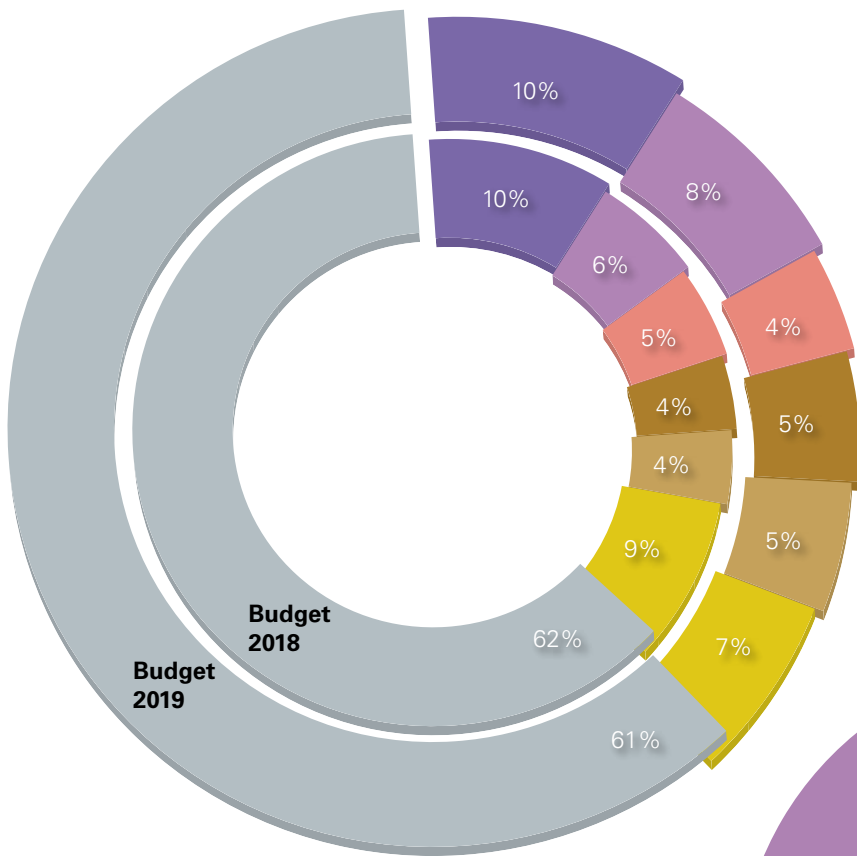

## Ministry Brief and Moving Ahead

We thank God for the expansion work at Setapak, Danau Kota and Wangsa Maju low cost flats. We have established two community centres, namely, Pusat Komuniti CARE and Pusat Sumber CARE. Both of these centres aim to reach out to the urban poor communities. We are still raising funds for these projects and we hope to see more churches within these areas participate alongside us.

Our rural works have expanded in Sabah and Sarawak. More local and indigenous personnel have been recruited to do various income generation projects and special needs education programmes in East Malaysia. Also, key partnerships formed include those with the Protestant Church of Sabah and Sidang Injil Borneo Sabah. In 2019, we will be looking to provide more community services and training of church partners in the coming years. If you know any church who may be interested, please contact us via our website: [www.malaysiancare.org](http://www.malaysiancare.org)

Our budget for the year 2019 is RM4,625,000 (excluding project grants), out of which 80% is allocated for community development, including policy, research and advocacy and related services. The remaining 20% is allocated for support services such as finance, administration and human resource and training. There is an increase of 7.66% or RM329,264, being the difference between Actual Expenditure 2018 (RM4,296,284) and Budget 2019 (RM4,625,548). We hope donors will consider matching the increase in their giving to join us in extending quality and effective help to the communities in remote locations currently with few or no social development services. Please pray together with us as we seek God and ask of Him to guide and provide for all our needs. As we trust and put our hope in God, we believe He will enable us to be a blessing and bring light to lives (Psalms 41:4-6).

Dr. Benjamin George Jr.  
Finance Secretary
